* (*) These products contain a light source of energy efficiency class < see column below > / Este producto contiene una fuente de luz de la clase de eficiencia energética < ver tabla >.

LED Strip specifications table / Tabla de características de las Tiras LED

Typical connection schemes/ Esquemas de conexión habituales

How to select the correct PSU 24Vdc / Cómo seleccionar la fuente de alimentación correcta

$$L * PS * 1.2 < \text{PSU Power}$$

L = Length of the LED Strip / Longitud de las tira LED

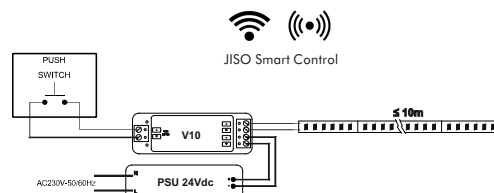

PS = Power of the LED Strip (W/m) / Potencia de la tira LED (W/m)

1.2 = Overload protection / Sobredimensionado

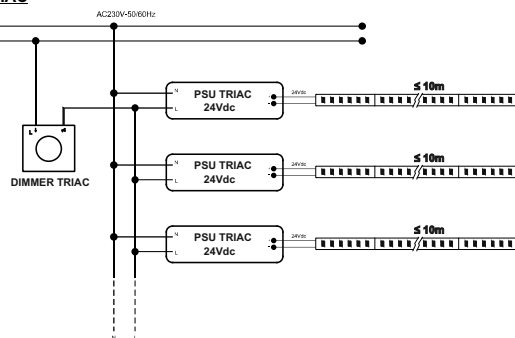

PSU Power = Total Power of selected PSU / Potencia total de la fuente de alimentación elegida

Typical regulation schemes/ Esquemas habituales de regulación

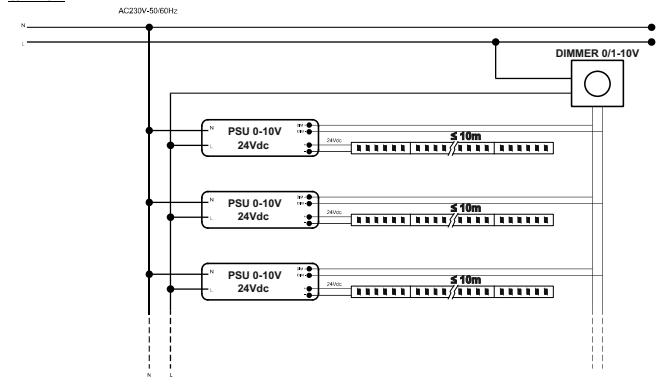

JISO SMART CONTROL (PUSH / wireless)

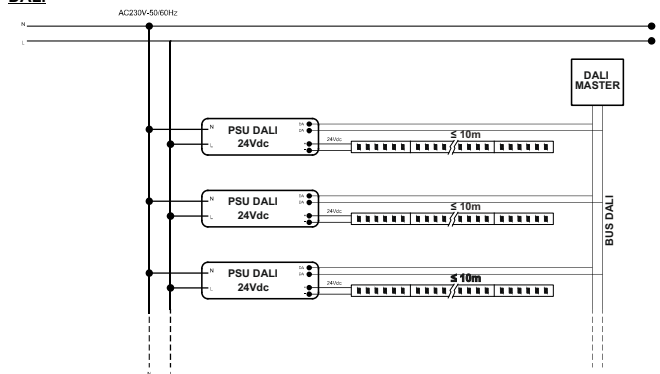

TRIAC

0/1-10V

DALI

Actions to be avoided during manipulation/ Acciones a evitar durante la manipulación
